And many more....

We also make flying easy by providing Avionics solutions to our clients. Major product line is from Honeywell, Bendix King & Garmin.

We don't let our customers to loose money by disposing off their weared out units, either Mechanical or Avionics. We get their units exchanged/repaired/overhauled from our approved sources with proper certification within minimum turn-around time.

In short, we try to maximize returns to our clients, for the money they are spending.

We are also supplying various types of Oil, Greases & Lubricants for different aircrafts & engines.

Our capabilities further include, all types of Pilot Supplies & Tires/Tubes.

## **QUALITY & COMMITMENT**

TECHNOWIX has its tie-ups with OEMs, Approved Distributors & Approved Workshops, which enables us to provide most efficient & most economical service to our clients.

All our spares & consumables are coming from the approved sources (approved from FAA/EASA).

Our team inspects the products & ensures that they are up to the standards, after receipt in our facility. All our supplies come with proper certification, either FAA8130-3/EASA Form 1/Certificate of Conformance.

We try to minimize AOG time period of our client, with our proficient sourcing.

A dedicated team works to ensure prompt deliveries of critical parts anywhere in India. Experience in all aspects of spares sourcing and delivery, combined with a comprehensive knowledge of all customs and hazardous goods regulations enables us to provide the very best service to our customers.

## **ABOUT**

Technowix Aero Corp., as new as year 2012, may be a new name in Aviation, but Aviation is in no sense new to us. The team at Technowix is composed of well-trained and adequately experienced personnel from Aviation sector.

We are stepping in as Aircraft Rotables & Consumables supplier. But we are moving ahead with a vision of evolving Aircraft rotables in India only, to reduce effective cost of operation.

In the end, we look forward to your valuable association with us. We assure you for the best possible & very economical service.
